

Steven Millard Elementary PTA

How can I Double my Donation for FREE???!?

Many employers offer corporate matching \$\$\$ when you donate! For example if you donate, \$100 from your pocket, the company will donate another \$100 and the school/PTA will get a total of \$200 even though you have only spent \$100! You get the satisfaction of donating \$200 when you actually spent only \$100!!

Cool, isn't it?!

Does my company match \$?

Besides below list there are many more who match employee donations.

- If your company matches, please **choose the option to donate instantly (paycheck or credit card)** instead of paying via a check and uploading a receipt.
- If you don't see your company in the list above, please contact your company HR/Helpdesk/search your company intranet or ask your colleagues ASAP. Don't leave free donation \$\$\$ on the table!
- Know the process at your company ASAP. Most companies have a vendor provided website wherein you select "Steven Millard Elementary PTA" and donate using your credit card. Then the company adds its matching \$ and sends a check to the PTA. Some companies let you pay first directly using a check or cash to the PTA, then you upload the receipt on their portal and they send their matching check to the PTA.
- If the option to select Steven Millard PTA is not available on the company website, try finding "Steven Millard Elementary School" and donate to the school directly.
- If you know your company matches donations but you don't see Millard PTA in their options, ask your company what it needs to set up Millard PTA as an approved organization. We will help you in that process. If you know your company matches donations but don't your company name in the above list, let us know at stevenmillardpta@gmail.com with questions. It will help us add to the list!

Thank you for your kindness and generosity!
