Jan 24, Thursday, at the MUR

Dear Millard Parent,

Millard PTA is excited to bring to you **MATH NIGHT !!**

Did you know that careers in **Science, Technology, Engineering and Mathematics (STEM)** are growing more than twice as fast as the rest of the job market? You already know how valuable math is to your child's future success . . . but do you know how much fun it can be?

Come find out at Millard PTA's STEM + Families Math Night event, sponsored by Mathnasium. This Math Night will be a fun, family-friendly event that sparks passion for STEM through activities and games for BOTH students and their families.

You and your child will explore ... inspire ... empower ... and educate yourselves about how much fun math can be. You will also learn simple things you can do at home to foster your student's interest in STEM.

Research shows that family engagement leads to greater student success. Students with engaged parents are more likely to earn higher grades, attend school regularly, have better social skills and go on to college.

There will be **prizes** to be won and **giveaways!** **FREE light refreshments** will be provided.

To help us plan event logistics/budget, we need your RSVP. Pls cut below this line and return to your class teacher **before Nov 16**
